

Q3 The Executive Board wishes to add a Conflict of Interest Clause of the Bylaws that all Executive Board Members must adhere. The proposed clause would read, "Conflict of Interest Avoidance - Board members and future candidates of the board must not be compensated in any way or be a volunteer for any vendor, any sub-contracted company, or in a position of any authority within Leacock Township. Volunteering for locally sponsored charities and their events, the Library, the Leacock Township Fire Company, and Intercourse Heritage Days would not be examples of a violation of this clause. Any violation of this clause will result in immediate dismissal of a current member from the Executive Board and invalidate the candidacy or nomination of any individual(s) for a seat on the board until there is no longer a conflict.
